This 2 hour CME session will cover status asthmaticus and other respiratory emergencies in children as the primary topic. More specifically, we will cover the following:

- Recall the peculiarities of childhood upper airway anatomy
- Learn Symptoms and signs of upper and lower airway emergencies
- Review six common and/or dangerous airway emergencies with cases
- Discuss diagnosis and management from triage to disposition
- Survey upper airway diagnostic imaging

This CME will be taught by the CT Chapter of Emergency Medical Services for Children.

Anyone interested in attending should visit our website at stratfordems.org or contact Nancy at EMS Headquarters (203) 385-4060 to sign up for one of the sessions below.

Saturday, March 26, 2018 @ EMS Headquarters

Sessions are limited to 30 students

18:00-20:00

Please provide your First and Last name, Department/Agency and a telephone number where you may be reached in case of cancellation time or venue change
