The Bleeding Control for the Injured (Stop the Bleed) course was developed by NAEMT's PHTLS Committee with leadership provided by Dr. Peter Pons and Dr. Norman McSwain. The course was developed in response to efforts by the U.S. Departments of Homeland Security and Health and Human Services to increase collaboration between law enforcement, EMS and the fire service in responding to active shooter/IED/mass casualty events. Stop the Bleed(B-Con) is consistent with the recommendations of the Hartford Consensus on Improving Survival from Active Shooter Events with the knowledge that most incidents are in home accidents.

The Hartford Consensus Group recommends that the response to a traumatic incident, whether involving an active shooter or some other cause of injury, **in fact begins with bystander response**. It is with this in mind that the B-Con course was developed and is now being offered.

This new 2 ½ hour course teaches participants the basic life-saving medical interventions, including bleeding control with a tourniquet, bleeding control with gauze packs or topical hemostatic agents, and opening an airway to allow a casualty to breathe. The course is designed for NON tactical law enforcement officers, firefighters, security personnel, teachers and **other civilians** requiring this basic training.

Anyone interested in attending should visit our website at stratfordems.org or contact Nancy at EMS Headquarters (203) 385-4060 to sign up for one of the sessions below.

Saturday, March 31, 2018 @ EMS Headquarters

Sessions are limited to 30 students

SESSION 1: 10:00 am

SESSION 2: 2:30 pm

Please provide your First and Last name, Department/Agency and a telephone number where you may be reached in case of cancellation time or venue change

Town of Stratford,
Connecticut
