## Learn How to Stop the Bleed

Stop the Bleed continues to empower the general public to make a difference in a life-threatening emergency by teaching them the basic techniques of bleeding control. The ability to recognize life-threatening bleeding in someone who is injured and effectively assist that person can save a life. Studies have shown that the help given by an immediate responder can often make the difference between life and death, even before medical professionals arrive. This Bleeding Control course gives participants the necessary tools to become empowered to "**Stop the Bleed**".

What the course will cover:

1. Threat
2. Hemorrhage control
3. Scene Safety
4. Assessment by medical providers
5. Transport to definitive care

**Anyone interested in attending should visit our website at [stratfordems.org](http://stratfordems.org) or contact Eileen at EMS Headquarters (203) 385-4060 to sign up for one of the sessions below.**
